Chapter WISE (Women in Safety Engineering)

Holiday Season Food Donations: The Wisconsin Chapter, on behalf of WISE, will be collecting non-expired, non-perishable food items at the December 14th Technical Meetings. Items collected will be donated to the local Hunger Task Force in Milwaukee, WI. Last year, over 51 lbs of non-perishable food and monetary donations were collected on behalf of WISE. Let's see if we can surpass that amount this year!

Meet your 2016-2017 WI Chapter Officers:

President Elect:
Todd Loushine

(Recently Vacant)
Vice President: TBD

Treasurer:
Corey Vickers

(Currently Voting)
Secretary: TBD

Past-President:
Brian Oberle

President's Message:

Call for Nominations! Have you ever wondered how the WI Chapter Executive Board operates? Please join us for our board meetings and discover how we increase/improve on the benefits we provide to our Chapter membership! In addition, we are always looking for members to volunteer their time, and meet some great safety professionals along the way. There are opportunities for everyone! One volunteer opportunity, in particular, is to serve on the board itself! In December, we will be calling for nominations for the WI Chapter Secretary. Are you interested? Do you know someone who is interested? Please contact me for more information. I'd love to hear from you! Feel free to contact me anytime at: president@wisconsin.asse.org

Fall 2016 Chapter Technical Meetings

September/October Technical Meetings:

In September, Peter Van Dyne, Technical Director for Risk Control Services at Liberty Mutual, provided a discussion on some newer topics related to the FMCSA and Fleet Safety. Electronic logging, FMCSA Regulations and telematics were presented to a captive audience. A networking session followed the meeting at the Delafield Brewhaus.

In early October, we had the opportunity to take a tour of the Menomonee Falls Harley Davidson plant and presentation on Harley's safety process. The presentation lead by Paul Antonneau, Tara Bowen and Jeryl Medlin explained how Harley's safety efforts went from Worst in Class to Best in Class.

November/December Meetings:

Capt. Hagen from the Delafield Police Department taught us to understand our role and how to react in an "Active Shooter" at our November technical meeting.

In December, we join forces once again with the Waukesha Area Safety Council where Robert Tenhagen, Senior Risk Manager with M3 Insurance, will highlight the use of safety apps and technology which allow safety professionals to enhance our jobs. SEE the next page for details.

All attendees are encouraged to bring a toy to donate to the Toys for Tots on behalf of the Waukesha Area Safety Council and/or non-perishable food items for the Hunger Task Force on behalf of the ASSE WI Chapter WISE.

First Annual SE WI Safety Conference Oct 27th at UW-Whitewater

This event exceeded our wildest expectations! The speakers were engaging and knowledgeable. The attendees tolerated full rooms due to over-registration (we planned for 78, and accepted 156!). This was a collaborative effort between our chapter, Jefferson County Area Safety Network, Waukesha Area Safety, Lakeland Safety Council, Badgerland chapter, and OSHA.

Next year, we'll plan for bigger crowds and provide another powerful safety event for our esteemed SE Wisconsin peers

If you want to see the keynote, "What is the Safety Profession?" you can watch it here: <http://cobecast.com/8516477> (34 min)
