The 2015 Elections are underway. All members have been sent their ballot and the candidate information is published on [www.asse.org/elections](http://www.asse.org/elections).

Get to know the candidates All candidates have platform statements and bios available. Also, for the first time ever, members have access to video interviews with all Board of Director Candidates, including Senior Vice President and Director At Large.

Encouraging your Members to Vote Voting is an important part of being an ASSE Member and we hope you encourage all of your members to vote. Members can vote using the ballot information sent to them, or they can visit <https://www.directvote.net/asse/> and request to have their ballot information re-sent to them. Voting ends on March 31<sup>st</sup>.

Thank you for your support and don't forget to Vote!

### Consider Entering!

NAOSH (North American Occupational Safety & Health) week is May 3rd - 8th. It is dedicated to bringing awareness to the need to actively prevent injury and illness in the workplace, home and community.

NAOSH holds contests and presents awards around NAOSH week. If you would like to submit something, the deadline for all contest entries and award nominations is March 15th. ASSE invites children worldwide to enter the 2015 NAOSH Safety Awareness Poster and Video Contests, which ask participants to showcase the importance of workplace safety. Please visit their website at [NAOSH.org](http://NAOSH.org) for more information.

## **ASSE Wisconsin Chapter Technical Meeting**

**April 15, 2015**

### **Mortenson Construction**

## **Prevention through Design (PtD) in the Construction Industry - The Technology Factor**

Meeting Details: Mel Langlais and Shaun Hester will be presenting an innovative approach to the traditional method of hazard prevention for the construction industry. The concept of Prevention through Design (PtD) has been discussed for many years in the general industry. Unfortunately, in construction, it is still very seldom implemented. The presentation will consist of hands-on demonstrations utilizing the latest technology utilized for project planning as well as the review of a few PtD best practices developed on Mortenson Construction projects around the country. A round of Q&A will conclude the presentation to allow participants to bring up specific PtD challenges and receive feedback from the Mortenson Construction team.

This is a free meeting for current Wisconsin Chapter ASSE members (including student members); \$25 for non-ASSE members. If you would like to attend, please register using our website via:

<http://wisconsin.asse.org/events/?ee=23>.

The RSVP deadline is 6:00 PM Friday, April 10, 2015.
